

PREVENTION OF VIOLENCE AGAINST CHILDREN

WORKSHOP FOR SCHOOL STAFF

Duration: 1.5 hours

Price: \$60/workshop (free with prevention workshops for children)

Target audience: Teachers, daycare workers, supervisors, psychoeducators, spiritual and community life facilitators, school psychologists, etc.

General objective: To raise awareness among school staff about the issue of violence against children and the importance of violence prevention.

Specific objectives:

- Learn the key components of the program
- Observe the extent to which children are subjected to violence
- Understand the duty to report violence or negligence
- Adopt a supportive attitude towards children who disclose situations of violence
- Identify different prevention tips

During this meeting, school staff members will build relationships with the prevention program facilitators.

Workshop topics:

- Logistics and description of the children's workshops
- Scenarios
- Indicators of stress in children
- How to file a complaint to the DYP
- How to welcome a child who discloses a situation of violence
