

PREVENTION OF VIOLENCE AGAINST CHILDREN

WORKSHOP FOR ADULTS

Duration: 2 h

Price: \$60/workshop (free with children's Violence prevention workshops)

Target audience: Any adult who is interested in preventing violence against children.

General objective: Mobilize adults to be involved in the prevention of violence against children.

Specific objectives:

- Inform adults about the issue of violence against children
- Empower adults to prevent violence against children
- Equip adults with ways to support a child who discloses a violent situation

The involvement of adults in prevention efforts reinforces messages of precaution, helps with their concrete implementation, and helps identify children who are victims of violence.

Workshop topics:

- Different types of violence
- Indicators of stress in children
- How to teach children to protect themselves
- How to support a child who discloses a situation of violence
- How to file a complaint to the DYP
