

CHILDREN'S EXPOSURE TO SEXUALITY AND VIOLENCE

Trivialization of the phenomenon

WORKSHOP FOR ADULTS

Duration: 2 hours

Price: \$60.00

Necessary equipment: white canvas (we provide our own projector)

General objective: To educate adults about the need to supervise children when it comes to sexual and violent content.

Specific objectives:

- To inform adults about the typical psychosexual development of children
- To empower adults to recognize typical and atypical behaviours in children's development in order to intervene when appropriate
- To raise awareness among adults about the trivialization of violence and sexuality in the media
- To equip adults so they can know how to talk about sexuality with children
- To legitimize the fact that adults should supervise children

Topics Covered:

- Child psychosexual development
- Normal or worrisome behaviours
- Trivialization of sexuality in the media
- Talking to a child about sexuality
- The "5 Cs"
